

Guidance for Zoom

Your Prograna workshop experience is held live via zoom. To help the day flow smoothly, please take some time beforehand to prepare your technology.

Download & Update Zoom

Please ensure Zoom is installed on the device you will be using and updated to the latest version before the workshop.

Choose your Device

A laptop or desktop computer is recommended where possible, as you will be joining for an extended period of time and may need to view demonstrations or workshop material.

Check your Connection

Ensure you have a stable internet connection. If for any reason we get disconnected, please try to rejoin to zoom using the link provided.

Test your Camera & Microphone

Check that your camera, microphone and speakers are working before the workshop begins. Headphones are optional.

Event Zoom Link

The event zoom link will be sent to you via email 1 - 2 weeks before the start date. Please keep an eye out for the email and check junk/spam mail in case it ends in there.
